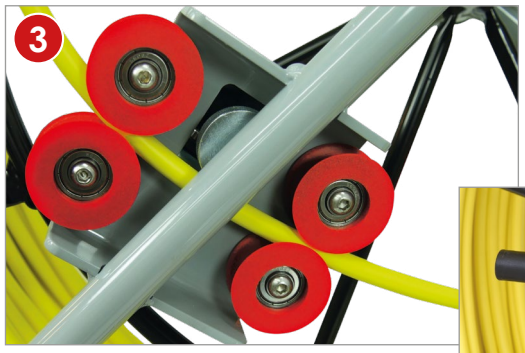
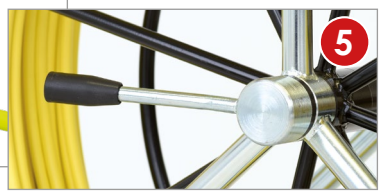
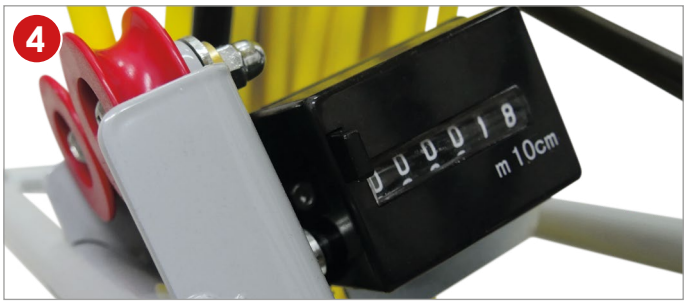
**Automatic run-out brake**
Prevents uncontrolled rolling off of the fiberglass rod. Can still be pulled out without resistance.



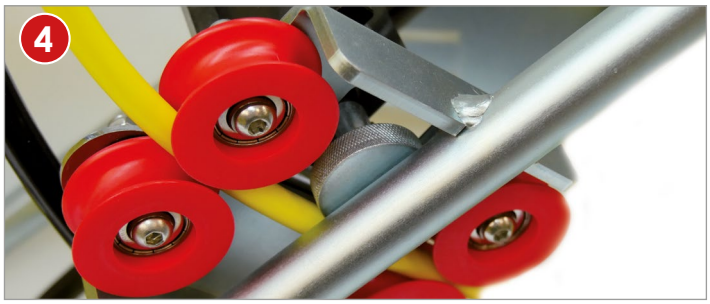
**Quick run**
Accelerates independent rolling off of the fiberglass rod. Practical for controlled application.



**Lateral parking brake**
Fixates or releases the basket with fiberglass rod. Transport lock.



Meter counter



Hardened counter wheel

**Meter counter and hardened counter wheel**
Standard within all cages Ø 730 mm and Ø 1000 mm (fiberglass rod Ø 7,5 mm, 9 mm and 11 mm). The installed meter counter measures the inserted fiberglass rod through the receiver wheel. The counter can be set to zero at any time by pressing the reset button. The measurement is taken in 10 cm steps. Optimal for length measurement or selective localisation.

# FLEXIBLE LEADING HEAD-SET

VIDEO

GF7.5 / GF9

Click here Productinformation

PATENTED

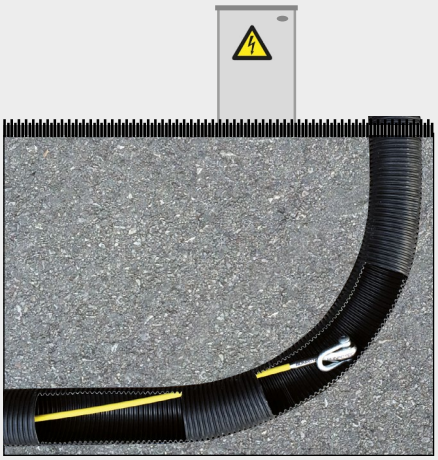
Flexible leading head-set: can be adapted on roller, shackle and starting head Ø 20 mm and Ø 30 mm.

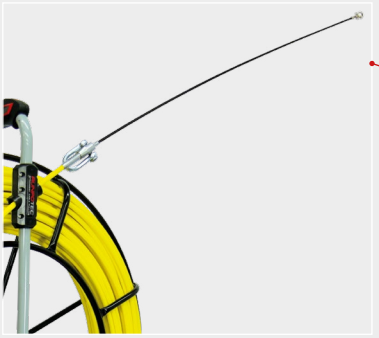
Application example: flexible leading head-set

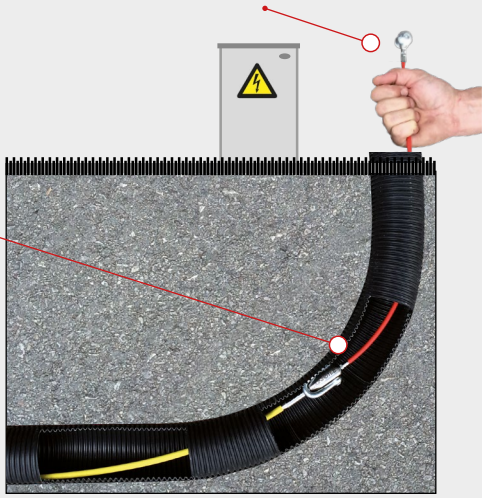
The problem situation:
Fiberglass rod Ø 7,5 mm, Ø 9 mm or 11 mm stops at to narrow radii from of the tube.

Solution:
With leading head-set, taper off through the flexible sticks Ø 4,5 mm (yellow), Ø 5,5 mm (black) oder Ø 7,5 mm (red). Thereby it makes it possible to get over the last bend or radii.

Tooltip:
Additional manual haul support possible.







| Rod | Rec. pipe diameter | Bending radius w. e. joint | Bending radius rod | Breaking load | Total breaking load |

KG 800

X BOARD MANDREL
Ø 45 mm, removable
for small drums

Now with Clip-system for the RM 35 digital cable length measuring device

Compatible with the multifunction mandrel

**RM35 – digital cable length measuring device COMPATIBLE**

The **X BOARD XB 500** is a universal professional cable drum winder and unwinder for all types of cables and pipes (conductors, cable rings, cable drums, conduits, ropes and cable drums). It enables trouble-free and rational working without tangled cables. The X BOARD XB500 has a diameter of Ø 500 mm and can be loaded up to 800 kg and is suitable for almost every type of drum, especially for damaged cable drums. 12 rubberised feet ensure a non-slip and stable base. The height-adjustable cover is perfectly designed to secure loose cables, cable rings or pipes in the X BOARD XB 500, thus preventing uncontrolled cable unwinding.

## Possible applications

## Possible applications in combination with the RUNPOSTICKS push rod set (XB 500 and XB 300)

Fix light drums

Helps tilting of large drums on to the X BOARD

INTRODUCTORY PRICE

## **RM35** cable length measuring device

The RM35 is a digital cable length measuring device with which cables, single wires, ropes, pipes or hoses with a diameter of Ø 2 mm to Ø 32 mm can be measured precisely. It is splash-proof and dust-proof, extremely shock-resistant and therefore ideally suited for the construction site.

For more information see product videos.
